WHAT TO DO IF YOU WANT TO CANCEL A MONEY TRANSFER

Subject to certain conditions, you have the right to cancel a transfer and obtain a refund of all funds paid to us, including Service fees. In order to cancel you must contact us at the telephone number or email address shown above before we deposit the funds to your recipient's bank account; your recipient receives the funds via a home delivery service; or collects the remittance.

When you contact us, you must provide us with information to help us identify the transfer you wish to cancel, including the amount and location where the funds were sent. We will aim to refund your money within three business days of your request to cancel a transfer as long as the funds have not already been picked up or deposited into a recipient's account. Please note that sometimes a refund may take a little longer to reach your payment instrument due to the processing times of the banks and other parties involved in the refund payment process.
