3\ GETTING STARTED AND USING OUR BUSINESS Account

Overview of your Business Account Remitly's Business Account Service allows registered businesses in the Czech Republic to send international money transfers to recipients in certain countries. We may update these countries and add or remove countries at our sole discretion, and we will try to put a notification on our website in advance of such changes where reasonably possible.

Account Creation. To use the Service, you must be a company or sole trader registered in Czech Republic. You are required to create a Remitly Account. You can only create a Remitly Account for Business Account on Remitly's website. To create a Remitly Account and use the Service, you will be required to provide us with information about your business, including your registered business name, business address, trading name, company number, unique taxpayer reference (**UTR**), place of establishment, description of business, entity type and ownership. Your Remitly Account allows us to record certain information about you, as explained in our [Privacy Policy](<https://www.remitly.com/us/en/home/policy>). **If such information changes, you must contact Customer Service to update your information as soon as possible. Otherwise, we may suspend your use of the Service.**

To create a Remitly Account, you are responsible for and you must:

- provide us with complete, accurate, and truthful information as requested by us. The information you provide will also be used by us to determine if you are eligible to use our Service; and
- create security credentials, such as a password or personal identification number, that Remitly deems necessary (**Security Credentials**) and/or download our Mobile App.

Payment Instrument. A payment instrument is a personalised device and/or set of procedures agreed between a payment service user and a payment service provider used to initiate a payment order. For example, a bank account, a credit or debit card, or a mobile application can all be considered payment instruments. You must allow us access to each payment instrument that you want to use with our Service (your **Payment Instrument**). We will also use your Payment Instrument(s) to charge you if you owe us fees for using the Service.

In addition to the other requirements in this Agreement, you must be the authorised and lawful user of each Payment Instrument on your Business Account, and all Payment Instruments must not be expired. You authorise us to verify your Payment Instrument is in good standing by submitting a test payment request for a low value amount and carrying out checks with your card issuer. We will follow your card issuer and any payment scheme rules when completing test payments and will refund you any test payment amounts. In addition, you represent and warrant that:

- each transaction that you request through the Service complies with this Agreement and applicable laws, regulations, and rules; and
- you will carry out any other action which we, or our third-party Service Providers (defined below), may reasonably require for you to access and use the Service.

Initiating a money transfer. In order to initiate a Transaction, at the Transaction summary stage you must click “Send Money” or “Pay”.

You agree to the money transfer when you click on “send money”, “pay” or equivalent from your account.

Providing the money transfer is initiated before 5 p.m. Irish time on a Business Day, the payment order will be treated as having been received on that date. Where a money transfer is initiated after 5 p.m. Irish time on a Business Day, or on a day other than a Business Day, it will be treated as having been received on the next Business Day. We will try to inform you of when the Transaction should be completed (which may be within hours of us receiving a Transaction, and is usually no later than the end of the following Business Day).

When a Transaction is considered complete. Your Recipient may need to complete identity checks with their local bank or other third party outlet (a

Financial Institution), before they can claim their Payout. Once a Financial Institution receives the Payout, they are usually required to make it available to the Recipient immediately once they are open for business. Depending on how you want your Recipient to receive the Payout, a Transaction is considered complete once the following happens:

1. ***Bank deposit*** \- your Recipient's bank account is credited with the Payout.
2. ***Mobile money*** \- your Recipient's mobile wallet is credited with the Payout.
3. ***Cash pickup*** \- your Recipient collects the cash Payout.
4. ***Cash delivery*** \- the cash Payout is delivered to your Recipient.

How to cancel a Transaction. You can cancel a Transaction at any time before it is completed by [contacting us](<https://www.remitly.com/ie/en/home/agreement>) and providing us with information to help us identify the Transaction you want to cancel. If the Transaction has not been completed, we will normally return to you the amount transferred and Service Fee for the transaction within 3 Business Days of your request to cancel. However, this may take longer.

Security of Your Remitly Account. You are solely responsible for safeguarding your Security Credentials. You must take all reasonable steps to keep your Security Credentials safe. These include:

1. never sharing any of your login details with anyone except other users authorised to use this account;
2. setting up two-factor authentication, where possible;
3. ensuring you use a strong password (one with a mixture of letters, numbers and symbols) that is not easily guessable;
4. changing your password regularly and not using the same password as

for other accounts you have, with us or other services;

5. keeping your email account secure;

6. regularly updating the Mobile App, operating systems and browsers (as applicable) on your Equipment to the latest versions available; and

7. installing and maintaining appropriate anti-virus software on your Equipment.

You will immediately notify us of any unauthorised use of your password or Remitly Account or any other security breach by contacting us through our Help Centre.

4\ GENERAL REQUIREMENTS FOR OUR SERVICE(S)

Eligibility. You must be 18 years of age or older to open a Business Account. You must be legally domiciled in the Czech Republic. Your business must be in good standing with your local company registry and/or tax authority to be eligible for a Business Account.

Control person. You confirm that you are a control person of this business. When we refer to a control person, we mean that you are a person with significant responsibility for managing this business.

Authority to act on behalf of the Business. You confirm you or those you have approved to use this account will be the sole user(s) of this account on behalf of this business. You confirm that you have authority to bind the business on whose behalf you use our Service, and the business accepts the terms of this Agreement. We may ask you at any time to provide proof of such authority.

You are responsible for all activities that occur under your Business Account.

Granting others permission to access your Remitly Business Account does not relieve you of your responsibilities under this Agreement, including notifying us if your Remitly Business Account has been compromised or if a transaction is suspected to be incorrect or unauthorised.

You must use our Services for your Business only. You must not create a Remitly Business Account and must not submit a transaction on behalf of any other business or in your personal capacity. This Service is only made available to valid businesses, meaning for use by business customers in their corporate or commercial capacity. If you use our Service for any other purpose, you are in breach of this Agreement. We reserve the right to terminate your Remitly Business Account, suspend or stop providing our Service to you or otherwise stop your use of our Service at any time without liability to you if you breach this Agreement by using our Service other than for your Business.

Information you share. All information you provide us must be accurate, complete and up to date. This also means you must notify us and update your Business Account if your information changes in the future. If you move outside of the Czech Republic, you may need to accept a different Remitly Business Account Agreement for your new location and some of our Services may not be available.

Restricted persons and territories. By law, we cannot provide our Service in certain countries and to certain individuals. You must not use our Service if you are located in, or want to send money to, a region where we are legally prohibited from providing the Services.

5\. CURRENCY CONVERSION AND EXCHANGE RATES

We provide money transfers in certain currencies. If the currency you choose when submitting a transaction is different to the Recipient's currency, an

exchange rate is applied to the transaction and includes a small margin, which we keep. The exchange rates we offer at any given time are available on our website and Mobile App (**Our Exchange Rate**) and most will change throughout the day. Unless we agree a specific exchange rate with you, we will convert all transactions at Our Exchange Rate at the time the transaction is processed. You will also be notified about this in the transaction confirmation notice.

We will not process your currency conversion until we have received the funds for transfer and any applicable fees from you. It is your responsibility to ensure that we receive the money to fund a currency conversion in a timely manner, including the time it takes for your bank or payment services provider to send us funds.

6\. USING OUR SERVICES SAFELY

Authenticating your Business Account and Portal. You may need to follow instructions to authenticate and successfully log in to your Business Account or Portal. This might be confirming your email address and password so we can be sure it is you providing us an instruction or logging in to your Business Account, rather than someone else.

Your security responsibilities. We use different security measures to make sure that your information is safe and protected. However, you also have the following security responsibilities:

1. make sure your Business Account and Portal are not misused,
2. keep your Equipment and Security Credentials safe (please see **Security of Your Remitly Account** above for the minimum required steps to keep you Security Credentials safe),
3. follow any security instructions we tell you about,

4. make sure the information you share to use the Services doesn't contain viruses, malware or other harmful information, and

5. don't use our Services on Equipment that has been changed against the manufacturer's guidelines.

Fingerprint access. We may allow you to scan your fingerprint on your Equipment to access the Services (for example, "TouchID"). If this functionality is available to you and you want to do this, you must download the Mobile App on your Equipment and allow the Mobile App to scan your fingerprint. You should make sure that only your fingerprint is registered on your Equipment to prevent accidental and unauthorised payments from another person.

Suspending the Service. We may need to suspend access to the Services to:

1. deal with technical problems or make minor technical changes,
2. update the Services to reflect changes in laws or regulatory requirements,
3. make other changes to the Services which we have notified you about, or
4. carry out maintenance which we will try to notify you about in advance.

We are not responsible for any financial losses you may suffer if our Service is unavailable because of these reasons.

Restricted activities. When using our Service, there will be certain activities that are not allowed because they might compromise the security and safe use of our Services for other Remitly users. These restricted activities, and actions we can take if you engage in a restricted activity, will be described in detail in our Acceptable Use Policy below.

Where we refuse to execute a payment order, we will notify you of the refusal, the reasons for doing so, and any procedures for remedying the issue that led to the refusal (e.g. if you did not provide sufficient funds). We will do this by the end of the Business Day following receipt of the payment order, unless we have reason to think the payment order has been made in connection with fraud or an account security breach. However, we will not make such a notification if we are prevented from doing so by a regulatory requirement.

7\ Tell us if there's a problem with a Transaction. If you think a Transaction is unauthorised or was executed incorrectly, you must tell us within 13 months of the date we notified you that the amount transferred was available for the Recipient. If you do not notify us within this timeframe, we may not be able to assist you or issue a refund. When you contact us about this issue, please provide us with:

1. your name and email address,
2. a description of the problem with the transaction and why you think it is a problem,
3. the name of your Recipient and, if you know, their telephone number or address,
4. the transaction amount, and
5. the reference number for the transaction which is on the receipt we provided you when we processed the transaction.

Correcting errors with transactions. We will review this information within 90 days of receiving it and decide whether an error occurred. If we decide an error happened, we will quickly fix it and inform you of the results within 3 Business Days. If your concern is about an unauthorised transaction, then we will investigate it and, if necessary, issue you a refund of the amount transferred and Service Fee as soon as we can, and no later than the end of the Business Day after

we become aware of the error. If we decide there was no error, we will send you a written explanation. You can ask us for copies of the documents we used in our investigation.

Refunds for unauthorised transactions. If an unauthorised transaction is made because of our mistake, we will refund you the amount transferred and Service Fee as soon as we can. However, this refund is not available if you:

1. should have been aware of the loss, theft or unauthorised use of your Account or Portal in which case you must pay the first EUR 50 of the unauthorised transaction. However, you will not need to pay this if the unauthorised transaction was caused by our (or a third party acting on our behalf) actions or failure to act, or processed after you notified us that your Account may have been compromised,

2. acted fraudulently. In which case you will be liable for all losses you incurred, or

3. acted with intent or gross negligence by failing to notify us without unnecessary delay about a security issue with your Account or Portal. In that situation, you are responsible for losses you incurred until the date you notified us.

What we are not responsible for. We are not responsible for losses you suffer that are not our fault, or happen because: 1\)) of an issue with our disbursement partner that provides the transferred funds to your Recipient, or 2\)) we cannot process a transaction because you provided us with incorrect information. In these instances we will not provide you with a refund.

How you will receive a refund. All refunds will be credited to the same Payment Instrument used to pay for the transaction and in the same currency you paid us. Refunds will not be adjusted if there was a change in the value of the currency from the time you submitted the transaction. If your Payment

Instrument is no longer valid and we are unable to find a mutually acceptable solution to refund you, we will not be required to refund you.

7\ **PAYING FOR OUR SERVICES**

Our Service Fee. Depending on which Services you use, we may charge a service fee (**Service Fee**) for a particular Service. We will let you know if a Service Fee applies and how much it is before you use the Service, so you can decide whether to continue. This is available to you on the Remitly website under “Rates & Fees” or in your Remitly app once you select a corridor for your transfer.

How you can pay us. We will charge your Payment Instrument for the Service Fee, additional amounts relevant to the Service you are using and which we notify you about in advance and any other fees owed to us which we have notified you about in advance. Payment Instruments must be:

1. a debit or credit card, and we will tell you the brands we accept in advance (**Card Funded Payments**), or
2. a bank transfer (for example payment from a third party payment account using SWIFT, the SEPA Scheme or the SEPA Instant Payments Scheme) (**Bank Funded Payments**).

Card Funded Payments. If you choose Card Funded Payments, you authorise us to charge your Card Funded Payment method to make a payment to us.

Bank Funded Payments. If you choose Bank Funded Payments, you must follow the instructions we provide you to make that payment. You can also choose to use either of the following features:

Easy Bank Transfer \- where our open banking partners (such as TrueLayer) are authorised to provide you access to your accounts with other providers and make payments from them to us. If you choose to use this feature, you must enter your account access details accurately to successfully make a payment to us and comply with any terms and conditions you agreed to with our open banking partners to use their services.

Manual Bank Transfer \- where your Bank Funded Payment must have the same name as your Business Account. You must also:

3. transfer money to us electronically using the relevant payment scheme. Please check with your bank to confirm they can make payments before you initiate a payment to us,

4. complete the Bank Funded Payment in time so that we receive payment within the timeframe we notify to you, and

5. enter the same payment details we provide you to make a Bank Funded Payment (such as our bank account sort code, account number, the exact payment amount and reference numbers). If you provide us with incorrect payment details, your money may not be recoverable and we are not liable for any of your losses. Please be careful when inputting payment details.

Taxes. You agree to comply with applicable tax laws when using the Services, including any reporting obligations and paying taxes that become due when you use our Services.

Consequences for incorrect payments. If you do not follow the above requirements when making a payment to us, we may immediately stop or suspend you from using our Services without notifying you in advance. We may also refund your Bank Funded Payment, however this may not be possible.

Other fees you may owe us. If we are charged any fees because of an issue relating to your Payment Instrument, you agree to pay us the amount we are

charged immediately after we notify you about the fee. These fees could arise because there are not enough funds in your bank account to pay the fees you owe us, or from a "chargeback fee" where a card user makes a claim to their bank that a payment on their card was illegitimate, and the card issuer then brings a claim against Remitly for being involved.

No extra fees for the Portal. We will not charge you additional fees for accessing the Portal in a particular way, such as on the Mobile App.

You're responsible for Service Provider fees. The issuer and any other entities involved in the operation of your Payment Instrument (**Service Providers**) may charge you additional fees when you use our Services. For example, some credit card issuers may charge you additional fees and interest because they treat using your credit card for some of our Services as a "cash advance". You are solely responsible for all fees charged by your Service Providers in connection with your use of our Services.

This Agreement starts when you accept the electronic version of this Agreement or begin using the Services (such as when you register for the Services on our website or our Mobile App). In either case, that is the Start Date. This Agreement will continue until it is terminated by you or us. There is no minimum period for how long this Agreement will continue.

How to end this Agreement for any reason. You can terminate this Agreement without penalty or charge at any time and for any reason by [contacting us] (<https://www.remitly.com/ie/en/home/agreement>) and closing your Business Account.

We can also terminate this Agreement at any time and for any reason by giving you at least 2 months' prior written notice.

Terms that will still apply. Any sections of this Agreement that are necessary to enforce the purpose of this Agreement after it has ended, will continue to remain in effect after this Agreement ends.

12\. CHANGES TO OUR SERVICES OR THIS AGREEMENT

Changes to our Services. We might offer new services or updates to existing Services, such as maintenance, resolving security threats, new help content, bug fixes, upgrades or other general changes to the Services. We may also require you to update digital content (like our Mobile App), but any updates will match the description we provided you when you initially used it.
