***Important - Your agreement to the English language. This policy is provided in English. By agreeing to our User Agreement you consent to us providing our Service in the English language and also to us communicating with you in English.***

***If there is any conflict between the English language version of the content of our Service (including this policy) and any translation, the English version will govern. For example, if you have set the device that you access our Service with to a language other than English, only the English language version of our Service applies (and not the non-English language version).***

***For your convenience, we may provide this document in other languages. In the event there is any inconsistency between the English version of this policy and the translated text, only the English text shall be binding.***

***If you do not agree with the above, please do not access or use our Services***

# Cookie Policy

## 1. Introduction to our use of ‘Cookies’ and similar technology

Like almost every other online service, our Services (including our website and app) use cookies and similar technologies to provide you with an enhanced user experience as well as allowing us to analyze and improve our Services. We would not be able to provide you with all of our Services, including certain personalized features, without the use of cookies and related technology and as such, your computer, mobile phone, tablet or other enabled mobile device (which we refer to collectively in this policy as a "device") will need to be set up to enable such technologies.

## 2. What do we mean by the term 'cookies'?

Cookies is a term used to describe a small text file (typically made of letters and numbers) that is downloaded and stored on your browser or your device by websites that you visit. They are sometimes considered as forming part of the "memory" of your use of websites and related services as they allow service providers to remember you and respond appropriately.

## 3. What cookies does Remitly use?

Remitly uses the following categories of cookies:

**Strictly necessary cookies**. These are cookies that are required for the necessary operation of our Services and are always on. They include, for example, cookies that enable you to log into secure areas of our website and/or app.

**Cookie  :** gr

## 4. Managing cookies

You can manage your cookies (including the enabling or disabling of cookies) through your browser settings. However, if you use your browser settings to block all cookies (including cookies that are strictly necessary) you may not be able to access all or parts of our Services. Please also note that deleting browser cookies can remove your opt out preferences, so you may need to opt out again. Each browser is different and as such we suggest that you check the 'Help' menu on your particular browser (or your mobile phone's handset manual) to learn how to change your cookie preference. You may also find more information on how to manage your cookies from third party websites (such as https://www.aboutcookies.org/) as well as third party apps.

## 5. Online behavioural advertising

Please note that third parties (including, for example, advertising networks and providers of external services like web traffic analysis services) may also use cookies, over which we may not have any control. More information on this type of advertising can be found by visiting: [https://www.youronlinechoices.com/](https://www.youronlinechoices.com/). Please note that we partner with a third party to manage our advertising on other sites. Our third party partner may use technologies

such as cookies to gather information about your activities on this site and other sites in order to provide you advertising based upon your browsing activities and interests.

## 6. Using social media via our Services

If you use the buttons via our Services that allow you to share content with your friends and other contacts via social media networks like Facebook, these companies may set a cookie on your devices. We suggest that you review the privacy and related policies of such organisations. More information on some of the more commonly used platforms can be found by visiting:

Facebook: [https://www.facebook.com/about/privacy/](https://www.facebook.com/about/privacy/)

Twitter: [https://twitter.com/privacy](https://twitter.com/privacy)

LinkedIn: [https://www.linkedin.com/legal/privacy-policy](https://www.linkedin.com/legal/privacy-policy)

We hope the above has clearly explained how we use cookies and similar technologies as well as how you may manage such matters. While we have provided details of third party websites and services which we thought you may find useful, please note that we are not responsible for the content, functionality or services provided by such sites.
