Cookiebeleid

1. Ons gebruik van "Cookies" en vergelijkbare technologie

Zoals bij vrijwel elke andere online dienstverlening, gebruiken onze Diensten (inclusief onze website en app) cookies en vergelijkbare technologieën om je een verbeterde gebruikservaring te bieden. Bovendien kunnen we hiermee onze Diensten analyseren en verbeteren. Zonder het gebruik van cookies en gerelateerde technologie kunnen we je niet al onze diensten, inclusief bepaalde gepersonaliseerde functies, aanbieden. Daarom moeten je computer, mobiele telefoon, tablet of ander ingeschakeld mobiel apparaat (waarnaar we in dit beleid collectief verwijzen als een "apparaat") worden ingesteld om dergelijke technologieën mogelijk te maken.

2. Wat bedoelen we met de term "cookies"?

Cookies is een term die wordt gebruikt voor de beschrijving van een klein tekstbestand (meestal bestaand uit letters en cijfers) dat wordt gedownload en opgeslagen in je browser of op je apparaat door websites die je bezoekt. Ze worden soms beschouwd als een onderdeel van het "geheugen" van je gebruik van websites en aanverwante diensten, omdat ze dienstverleners in staat stellen jou te herkennen en adequaat te reageren.

3. Welke cookies gebruikt Remitly?

Remitly gebruikt de volgende categorieën cookies:

Strikt noodzakelijke cookies. Dit zijn cookies die zijn vereist voor de noodzakelijke werking van onze Diensten en die altijd zijn ingeschakeld. Het gaat bijvoorbeeld om cookies die ervoor zorgen dat je kunnen inloggen bij beveiligde gedeelten van onze website en/of app.
